WILMINGTON, MASS. — WEDNESDAY, NOVEMBER 3, 1954

PRICE 10 CENTS

Herter Piles Up 1580 Votes

HERTER 1580 — MURPHY 1220

The voters of Wilmington turned out in solid determination, yesterday, to cast ballots for the candidates of their choice. From 6 a.m., when the first ballot was cast by Patrolman Charles Ellsworth, to 8 p.m., when Mrs. James Moroney over, an impressive 78.38 per cent of the eligible ballots had trooped to the High School cafeteria. When the voting was cast the last ballot, the voters been cast—2836 out of a possible total of 3618. Observers were surprised at the turnout, which had been expected to be "not heavy." There were 11 Absentee ballots.

Christian Herter, Governor of Massachusetts received less votes than he did two years ago,

but on a percentage basis his vote was higher. 1580 votes were cast for Herter, 56.4% of the votes cast for the two major gubernatorial candidates. In 1952 Herter received 1759 votes, which amounted to 54.7% of the votes cast for the two major candidates. Four years ago the successful candidate, Paul Dever had received 55.5% of the gubernatorial vote.

Congressman Edith Nourse Rogers, unopposed, on the Republican ballot, received the largest number of votes in Wilmington, 2510. Second in line was the Lt. Governor, Sumner Whittier, who received 1682 votes, and he was closely followed by Leverett Saltonstall who received 1626 votes.

A complete tabulation of the votes showed:

Governor	
Christian A. Herter, Republican	1580
Robert F. Murphy, Democratic	1220
Lawrence Giffedder, Soc. Labor	7
Guy S. Williams, Prohibition	22
Blanks	27
Lt. Governor	
Sumner G. Whittier, Republican	1682
James A. Burke, Democratic	1116
Donald E. Babcock, Prohibition	8
Francis A. Votano, Soc. Labor	7
Blanks	23

V.F.W. MEETS TOMORROW

The next regular meeting of the Nee-Ellsworth Post of the Veterans of Foreign Wars will be tomorrow, Thursday Nov. 4th. Normally the meeting dates are regularly set by the 2nd and 4th Thursday of each month. This month, however, the 2nd and 4th Thursdays are both holidays. Consequently for the month of November the meeting dates have been moved up to the last and 3rd Thursdays.

THOUGHTS ON ROUTE 28

The Board of Selectmen, last week, proposed an alternate route to that which has been named, for the new Route 28, as it goes through North Wilmington. As the route now stands it will not only take some very valuable property, and cause a dozen or more homes in one locality to be moved, but it will also have a potential of "salting" the wells of the Wilmington Water Department.

The Department of Public Works is keenly aware of the water-sheds, for the Wilmington Water Department, and it was this fact that led them to choose the route they did—in an effort to keep away from the wells. Unfortunately the route they have laid out is to the "upstream" side of the wells, probably far away so that there will be little possibility of spoiling the well fields, but upstream nevertheless.

A better route can be chosen, in the views of this paper, a route which will actually cost less money, and not endanger the well fields.

Let us call the route chosen by the State "Route A", and the route we propose "Route B".

Route A will cut across the Barrows nursery, upstream of the new field recently purchased by the town. It will cut across the land between High street and Salem street, and in that particular quadrangle the state plans to relocate Route 62, complete with clover leaves, and two other roads. The two other roads are being planned because Woburn street and Park street will be completely blocked off, not to mention High street and Salem street. Approximately 13 homes will have to be moved, homes that we have guessed have a value of about \$152 thousand.

Route B, as we propose it, will go to the right, at the point where Route 28 will cross the Ipswich River, to cross Park street just to the East of Gowings Brook, and Salem street just to the East of Martins Brook. I would then go to the East side of Abigail's Island, and cross Andover Road at a point about midway, between Upton's Court, and the Daly farm. It would cut across Rattlesnake Hill and cross Ballardvale Road about one thousand feet north of the proposed crossing for Route A, joining A at a point about one thousand feet on the other side of the Andover Town Line.

Route B would then be downstream from the Barrows well field, and down stream from the largest and most important part of the Brown's Crossing well field. Route B would not cut through any housing developments, anywhere. Instead of having a baker's dozen homes to move there would be, we believe, only one. Instead of having the state take expensive land it would be taking cheap land.

Route A would seem to be shorter, but inspection of the maps will show that actually there will be less road construction with Route B.

From the point of the beginning, to the point where the two routes again meet, Route A is about 21 thousand feet long, and Route B about 23 thousand. Both routes would take approximately the same amount of highway construction for a clover leaf with Route 62. Route B, however, being to the eastward of the locus of Route A, would call for less work on the cutoff to Route 125, and this would show a saving of about 36 hundred feet of what we believe Commissioner Volpe termed "double barrel express highway". In other words, speaking entirely in terms of the express highways, there would be about 16 hundred feet less.

The new layout for Route 62, together with the other two-lane highways would not be needed, with Route B. This would entail a savings of about 7 thousand feet of two lane highway.

All bridges across highways, with Route B, would be at right angles, or nearly so. There would be five of these, one each at Concord, Park, Salem, Andover and Ballardvale streets. Route A, we believe, plans for four, at Concord, Route 62, Andover and Ballardvale streets.

Route A, then, would call for one less bridge, much more expensive land, moving a baker's dozen homes, with entailing damages, block off four streets, call for 16 hundred feet more of express highway and 7 thousand feet of two lane highway.

Route B would call for one more bridge, cross in the places where land is cheaper, cause only one home to be moved, save 16 hundred feet of express highway, and 7 thousand feet of two lane highway.

It would also be downstream from our well fields, so that there would be very little chance of their becoming polluted with calcium chloride, used in the winter time to keep the highways clear of snow and ice.

STATE AND LOCAL BOARDS

To be heard in the State House, next Monday, is a proposal to establish a State-wide Board of Appeals to review decisions of local boards. Also to be heard is a suggestion regarding the unanimity vote of Appeal Boards.

We don't have the particulars, but just the sound of the proposals is enough to make us venture a sidewalk opinion. We are against them. We are against the establishment of a state-wide Board of Appeals. We are against the relaxation of the Unanimity Rule.

The Board of Appeals is a local board, quasi-judicial in its nature. It can set aside (by what is called variances) town laws with respect to zoning, and other matters, but must do this by unanimous vote. The Courts regard these Boards very highly, and refuse to review their judgement, but will entertain motions alleging technical errors, only.

Being composed of local citizens, and required to be unanimous in their decisions, the Boards of Appeals do very well by their community. We have very fine sensible men on our boards, and their decisions are common sense.

We suspect that this is an attempt by some "sour-grapes" politicians to circumvent the local Board of Appeals. Such circumvention would be a tragic error. We have already had one example of how local boards can be by-passed, in Billerica.

Everyone remembers the time that the State ABC commission overruled the Board of Selectmen, with reference to a liquor license in Billerica. That was, in our estimation, an out and out attempt to circumvent a local board, for the benefit of some politician.

We don't want that kind of politics with our Board of Appeals.

ANGELS AND SNOWBALLS

About two weeks ago a group of young fellows, between the ages of 16 and 20 decided to form a small club which they named the Wilmington Angels. There were no more than a dozen members all told, fellows with a lot of time on their hands. They did meet, and form, and indirectly at least they let the Wilmington Police Department know of their club. There were no "bad" intentions involved, but neither were there distinctly "good" intentions.

A series of circumstances has snowballed the Wilmington Angels into something of almost national prominence.

This paper heard of them within three days of their forming. They had painted "Wilmington Angels" on the back of their jackets. One of the members had a "56". We reported the circumstances. It could have been inferred that there were 55 other members in the group, although we didn't distinctly say so.

A friend of some of the members in this group died, in the Massachusetts General Hospital, on October 25th. He had been involved in some innocent but foolish horseplay, in an old car, in Billerica, on Oct. 10th, and the car had overturned. The accident had not been reported—it was on private grounds, but the Wilmington police learned about the accident just about the time of the boy's death. It was a situation that called for an investigation, and one was made—a thorough one.

The Massachusetts General Hospital reported to the Wilmington police that the death of the boy was not connected with the accident, but that the boy had died of natural causes (a brain tumor). We reported his death, last week, basing our report on the statement of the hospital. We knew of all the circumstances. We could have "played it sensational", but we saw nothing to be gained by adding to the parents grief. We merely reported the facts.

Then the out of town papers got a gleaming of the story. Because there had been a gang of boys in another town that had had an "initiation stunt" they jumped to the conclusion that this boy had been involved in the same type of a stunt. This was not so, but from there on is history, and now we have everyone in New England believing that Wilmington is the home of a group of would-be desperadoes. If you read all the papers you would believe that (1) Wilmington is the home of a gang of 60 hot-rod hoodlums, who (2) have an initiation stunt, to be performed in automobiles before anyone can join, and (3) an accident in one of these initiation stunts caused the death of one youngster. One paper reported the New England Hot Rod Council and the Massachusetts Auto Council as saying, in a telegram "We deplore and are not responsible for the type action of the and Wilmington auto clubs. Neither the Angels nor the could qualify for membership in either council". The same paper also "rang in" a statement by Registrar of Motor Vehicles Rudolph King, but that statement could have been made any time, and not with application to the reported activities at this time, if one reads the paper carefully. It is a paper which tries to be "sensational".

Let us repeat. The accident had nothing to do with the boy's death. The gang was not particularly a "hot-rod" gang. It had not even been formed at the time of the accident which was supposed to have been the cause of the boy's death. All of the boys are over 16 years in age. None are in school.

Just before the boy died some of the members of this group inbibed too freely in some alcoholic liquors, and were picked up by the Wilmington police. The incident was seen by one of our Selectmen, who praised the police for their actions. As a result of that drinking we believe that one of the boys will be sent back to the Lyman School. The Chief of Police ordered the boys to disband, because of this incident, and because of the associations being formed. The more intelligent of the members agreed with the Chief that he was right.

Because some out of town papers got onto parts of the story it has been built up. That group could have been led on the right track, and it is entirely possible that they intended to stay on that track from the beginning. Now we have a lot of people unduly excited, in this town, and in this state, and elsewhere, excited about circumstances that have resulted from half-truths.

We think that the young fellows in this group, if given half a chance, could turn out to be decent and stable citizens. We sincerely hope they will. We know, at the same time, that some of them can be led astray, a very easy accomplishment.

We deplore the type of publicity given these boys, a type of publicity that could lead them into other paths. However, maybe it was all for the best. Maybe we have all had a lesson.

YOUR UNCLE DUDLEY

Uncle Dudley is a gentleman who writes for the Boston Globe, and whom we have occasionally enjoyed reading. He wrote a piece which was published on Oct. 18, 1954, and which fairly hit Wilmington, and many other suburban towns squarely on the nose. It was entitled "FORSIGHT IN PLANNING" and the main subject was sanitation and sewage. Dudley has noted that the suburban metropolitan areas are increasing in population, while adjacent rural areas (such as Wilmington) have increase by 41 percent. We quote him, in part—

"What this means in terms of community sanitation is a question already beginning to stir unease in innumerable towns and villages, where present burdens of school construction costs have sent taxes skyrocketing. The 1949 cost of installing an adequate sewage system in a Massachusetts town of 5000 population, with average construction conditions could reach a quarter of a million dollars. Prices have not fallen since then."

"A recent engineering study of prospects half a century hence for a city of 30,000 requiring sewage, totals up the probable cost at close to \$4,400,000. In both instances, the Massachusetts community studied is a real one; and its problems are multiplying."

It is well to notice the emphasis placed by the American Public Health Association on the usefulness of planning to conquer this developing difficulty. Most trouble already in evidence stems from failure on the part of community Planning Boards, Zoning Boards, public health and other officials to enforce existing laws with vigor or to give proper heed to exercise of restraints, stipulations and controls over speculative building projects within their boundaries.

"Results of such negligence may prove expensive. Allowing new houses to be built too closely together, without sizable lot requirements, can produce a closely settled housing group soon plagued by sewage disposal problems, and build up powerful voting demands for large bond issues to finance sewage systems the community may not be prepared to face. Doubts on that score vanish when it is noted that bonded debt for sewage is already pressing school debt for first place in this state. Within another seven years, it is predicted such sanitation costs will hold a commanding lead."

"In some Massachusetts towns, purchasers of homes in new developments are discovering to their chagrin—and cost—that failure of public planning and sensible law enforcement holds for them. There are limits, under present law, to the responsibility of project developers in sanitary matters. Yet a carefully modernized set of town building ordinances, zoning laws, and reasonable restrictions will usually help. Active public opinion generally induces application of such precautions by town officials. Study of the experience of neighboring communities by local boards also serves usefully."

"The problem is here. So to a large extent is the remedy."

REWARD—LOST DOG

Brown and white boxer. Limps left front foot. Answers to the name of "Penny". OLiver 8-4549

RIDE WANTED

Ride wanted to Malden, one way, daily. Leave Wilmington at 6:30 a.m. Please call OLiver 8-2436

MOTHERS' CLUB MEETING

Regular meeting of The Mothers' Club will be held tonight at the Center School at 8:00 p.m. All mothers of children attending the Center School are invited to the meeting.

METHODIST CHURCH TO HOLD DINNER FOR CANVASSERS

The Wilmington Methodist Church will have a canvassers dinner meeting, on Saturday evening, November 6 at 6 p.m. The meeting will bring together some 50 men and women who have offered to serve as canvassers in the homes of the parish on Loyalty Sunday, November 14.

The highlight of the evenings program will be the training and inspiration period led by the Rev. James Doty, pastor of the First Methodist Church in Lynn. Mr. Doty will share his experiences in very successful church canvass program, and give the canvassers an idea of how best they can do their work.

LAYMAN TO SPEAK DURING WORSHIP SERVICES

William Stickney and Dudley will bring the inspirational meditation the worship services at the Methodist Church on Sunday, November 7. The services are scheduled for 9:15 and 11 a.m. Mr. Stickney and Mr. Buck will speak on the general theme "The Meaning of Christian Stewardship - AS Seen By a Layman."

The Rev. Richard E. Harding, who has been dealing with the area of Christian Stewardship these past few Sundays will preside at both worship services, and urges all friends and members of the church to attend Sunday worship to hear what "these fine Christian laymen, have to share with us."

CAFETERIA MENUS

Week of November 8

Monday ---

Thursday ---

Cheese Stuffed Frankfurters, Potato Chips, Whole Kernel Corn, Cookies --- Milk.

Friday ---

Baked Haddock, Egg Sauce, Parsley Potatoes, Buttered Peas, Poppy Seed Rolls & Butter, Ice Cream --- Cookie, Milk.

JUNIOR HIGH SCHOOL WALLOPS BURLINGTON

Wilmington 12 Burlington 0

The boys of the Junior High School defeated the Burlington seventh and eighth grades 12 to 0, last Wednesday afternoon.

Co-Captains were Joe Peters and Warren Cormier, as a reward for their outstanding play in the previous week's victory over North Reading Junior High. Wilmington received the initial kick-off and on the first play Bob Spellman raced 20 yards around left end. Rooney made a ten yard gain through the right guard, and then Spellman raced 20 yards around the left end for the first score of the game.

Later in the half De Felice set up a second touchdown by making 8 yards in a quarter-back sneak. This was followed by a 15 yard run by Munroe around right end, for a touchdown. A third and fourth score were called back for off side penalties.

Outstanding fine play by Cormier, Peters, Walsh, and Etsell kept the Burlington backs stalled, throughout the game. Burlington was unable to make a single first down.

All thirty one players in the Junior High School squad participated for at least part of the game, so that it was in all reality a team victory.

Chosen Co-Captains for the game against Tewksbury, this week are Munroe and Rooney.

Wilmington lineup: McFeeters, Tautges le; Walsh lt; Danico, Stack le; Casey c; Cormier, Leather rg; Peters rt; Crotty, Etsell re; De Felice, McCabe qb; Spellman, Munroe, hb; and Rooney and Bemis, fb.

LITTLE LEAGUE AUDIT COMPLETED

The books of the Wilmington Little League have been audited by Ralph M. Kelmon, CPA, and former Town Accountant of Wilmington. A report by Kelmon, read by Treasurer Bob Baker, at the annual meeting, showed everything to be in good order. Kelmon's statement, appended to the report, read "I have reviewed the records of the Treasurer of the Wilmington Little League, as evidenced by this reconciliation. Recorded receipts and disbursements are in agreement with credits and charges on bank statements of the Wilmington Little League Account with the Winchester National Bank."

Baker told the meeting that the reason for choosing the bank which is used is simply one of checking facilities, that the Little League has a policy of handling all accounts by check, so that all payments can be traced.

The audit showed that Wilmington Little League paid a total of \$1752.64 for uniforms, and \$988.69 for the Little League Fence. This sum was in payment, in full, for all materials used in the fence, all labor having been donated by Little League members.

Insurance, for players etc., in the Little League has totaled \$290, and miscellaneous payments total \$110.30.

1953 expenses of the Little League totaled \$1,493.73, and 1954 expenses totaled \$1,803.64.

Baker paid tribute to the Wilmington business men who had made the Wilmington Little League possible, and to others who had also made donations of less substantial nature. The smallest donation, he said, was 10 cents, while each of the major League sponsors, Cain's, Chisholm's Gildart's, and Weinberg's had each donated \$350.

Minor League sponsors have donated a total of \$710. Included in the list of sponsors are Byam's Laundry, The Rotary Club of Wilmington, The Wilmington Boosters, J.W. Greer and Company, Church Street Hardware, Louie's Oil Service and the Coombs Furniture Company.

\$200.75 was contributed by the Wilmington Little League Auxiliary.

JUDGE HENCHEY SPEAKS AT ROTARY LUNCHEON

His Honor, Justice William Henchey, on the Woburn Court was speaker at the weekly luncheon of the Rotary Club of Wilmington, last Wednesday.

Before beginning his talk on Juvenile Delinquency, His Honor paid tribute to David Martin, Attorney, of Boutwell street, who had passed on the preceding Saturday. The tribute, by His Honor was well appreciated by the members of the Rotary. Henchey's talk was in the following vein:

Fifty percent of the crime in this country is committed by youngsters between the ages of 15 and 24. For every dollar we spend on our public schools we lose \$1.80 because of crime. For every dollar we spend on our churches we lose \$10 because of crime. Crime costs every home in the United States about \$500 a year.

Up to the time a youngster is 17 he is looked upon as a juvenile in the eyes of the law. I believe that it would be wise to amend this to the age of 20. How can you fix the age of responsibility? In two weeks there is all the difference in the world, for a boy in the 16 - 17 bracket!

Our juvenile laws are quite wonderful though. We have effected many changes since the turn of the century -- now we are doing something for the youngsters, instead of something to him. Eight of every ten youngsters who get into trouble never repeat themselves, thanks to the enlightened attitudes of today -- they never return after having had one brush with the law.

Most of those that we have to deal with are the victims of broken homes, or of similar surroundings. We must bear in mind that it is an easy thing for a youngster to idolize someone who is not good as he should be.

We justices of the courts have friends who will take care of these young fellows who make their first mistake, who will supervise them, and help them to keep to higher ideals. These people are not officials, but friends in need.

Just think of the difficulties that face a boy who has taken the wrong step! A record of having been adjudicated a delinquent is enough to have two strikes against him. Employers don't want this type of boy, and he frequently finds it difficult to get himself properly adjusted. We must take effective

action to help those boys, for our own sake if nothing else!

When I say effective action, I mean it. A boy who has committed an offense can become a part of his community. He can come back! And, we all have something at stake! After he has served his probationary period he will have proved himself, and will generally become an effective citizen of his community, if given a chance.

THREE STILL IN HOSPITAL AFTER CRASH

Three of seven teen-aged children, involved in an auto crash on Boutwell street last week, are still in the hospital, and probably will remain there for some time, while others have since been sent home.

Edward Graziano, 20, of Chesda Street Arlington, is in the St. John's Hospital, in Lowell, suffering from a broken hip. Robert Cushing, 16, of Baldwin Street, Billerica, the driver of the car (and driving on Graziano's license) is in the Choate Memorial Hospital, in Woburn. Cushing was severely injured in the chest and stomach by the steering wheel. Miss Virginia Pellerin, 14, of 295 Burlington Avenue is in the Massachusetts General Hospital, badly cut, by glass, about the face. Miss Pellerin was injured when she went through the windshield, at the time of the accident.

Six of the seven occupants of the car, a Chevrolet Coupe, were taken to hospitals after the accident. The seventh occupant, Robert Viminski, 16, of 29 Suncrest Road, Arlington, refused hospitalization.

Miss Pellerin was originally taken to the Choate Memorial Hospital, in Woburn, together with her sister, Miss Sheila Flanagan of Swain Road West, and Cushing. Frances is now home, but will have to remain in bed for another week. Miss Flanagan is also home.

Taken to the St. John's Hospital, in Lowell were Graziano and Miss Lerelei Pellerin, 15, sister of the other girls. Lorelei Pellerin returned home, and is now back in school.

The accident occurred about 7:45 p.m. on Oct. 27th, when the driver of the car lost control, and it crashed into a tree, on Boutwell street. Occupants of the car state that it was doing about 40 miles an hour at the time of the accident. It has since been towed to Gildart's garage, a complete wreck.

Wilmington police say that a shot gun, and ammunition, was found in the car, together with three bottles of beer, and several empty bottles.

SENTENCED ON GUILTY FINDING ON POSSESSION OF FIREARMS

Archer M. Prentiss of 68 Hillcrest Road, Reading, was sentenced to serve two months in the Billerica House of Correction, by Judge William H. Henchey, of Woburn Court, Monday morning. The serving of the sentence was deferred until a hearing, which is to be held today, could be completed.

Prentiss' attorney, Dwyer, of Boston, indicated to the Court that he would enter an appeal from the sentence, which was for illegal possession of firearms.

A finding of No Probable Cause was found on another charge, that of Assault with a Dangerous Weapon.

Prentiss was charged with Assault with a weapon dangerous to life, by Sergeant Sidelinker and Officer Cuoco of the Wilmington police, after a bullet had been fired through the front wall of his brother-in-law's home, Gould Buckle, Church street, on October 9th. The charge of Illegal possession of Firearms was preferred by the Reading Police.

ACCIDENT SENDS THREE TO HOSPITAL

Three drivers were sent to the St. John's Hospital, following an accident at the corner of Clark street and Main street, last Wednesday afternoon. All rode in the Fire Department ambulance, and two were released the same evening, with the third, Jay B. Keene of 1 Veteran Road, Woburn being released the following day.

According to the Wilmington police the accident, which occurred at 4:50 p.m. involved Francis Moriarty, 31 Huntington Street, Lowell, a former Wilmington Public Schools teacher, Thomas R. Gallagher, 1309 Main street, Tewksbury and Keen. Moriarty was reported to have stopped, before making a turn, at the time of the accident. Gallagher was driving his car towards Tewksbury, and Keen was driving towards Woburn.

Green Bar Council-Troop 57 Wilmington

The second Green Bar Council meeting of the Wilmington Boy Scouts since September was conducted at the home of Wally Rogers on October 21st. Patrol leaders representing their patrols were Robert Gilbert and Samuel Pearlstone of the Flying Eagle, Lawrence Foley and Paul Miller of the Commandaries, Joe Harrington of the Raccoon, Robert Kaszynski of the Raven, David Townley of the Flaming Arrow, and Floyd Barnaby and Ralph Hunt of the Panthers.

Plans for the month of November. The theme for the month was chosen as compass beeline hikes. Each week a class would be given on special subjects with instructors. Compass usage by Robert Kaszynski, Orienting maps by James Coombs and Joseph Harrington, and Conventional map signs by David Townley. The opening and closings for the month will be conducted by the Commandaries.

Flaming Arrow patrol volunteered to conduct the game periods for the month.

The good turn for the month was voted, that the scouts went from house to house collecting can goods for the Thanksgiving basket, on October 29, in uniform. The boys also expressed the idea of collecting comics, magazines, and reading books to give to hospitals around Thanksgiving.

The troop project for the month was selected as a compass sight device, which would be made at patrol meetings, at which the scouts will practice the subject of the Friday night class previous. The November Court of Honor will be conducted on November 5th, because of the party.

The meeting was adjourned at 9:15 with refreshments.

HEALTH FOR ALL The "Angelic" Invalid

Anyone who has been an invalid or who has cared for one knows that physical illness can seriously affect the personality. Especially during an illness such as tuberculosis which may require months of treatment, the patient's behavior may change so much that he seems a different person. Unfortunately, he does not always become the angelic invalid we read about in novels.

The modern doctor thinks in terms of "psychosomatic medicine." His patient is not a machine with parts that need repair, but a whole human being. He knows that purely physical derangements, such as fever, can cause temporarily disturbed emotions. He knows also that the way a patient feels about his illness may not only keep him from following prescribed treatment, but actually make him worse or cause some new physical upset to complicate the original illness.

Uncertainty about himself, his future, his family is perhaps most difficult for TB patient to endure. Unless he is reassured by the attitude of the people around him and by learning the facts about his disease, he will have to relieve the stress of intense anxiety in some way. He may do this by giving up adult behavior.

He may display childish irritability, tantrums, and unreasonable demands. Other patients may react as submissive, well-behaved children. They may become over-dependent on the doctor and on receiving treatment, and resist any effort to break the bonds. Still others release their anxiety by becoming hostile and aggressive, and try to hurt themselves and others. The type of reaction of course, depends on the basic and sometimes hidden personality traits the sick person brings to his new situation.

By facing the psychologic problems of illness frankly and with sympathetic understanding, the family of the TB patient can make an important contribution to his welfare. Satisfying his mental and emotional needs can be just as important as performing the mechanical tasks of nursing. team he will be alright. Our Sec-

Controlled Expansion Alloys

The most useful property of the alloys with 30 to 40 per cent nickel is their exceptionally low coefficient of expansion. These alloys are used for a series of industrial applications, such as measuring tapes in instruments requiring fixed points under varying temperatures, in the watch making industry and for bimetallic thermostats. The United States Bureau of Standards has found that taxes made of these alloys will vary less than one part in 500,000 after six months use in the field.

Precious Circuits

Electronics brings forth a new and important use of rhodium, one of the precious platinum group metals well known to jewelers as an electrodeposited finish of almost permanent brilliancy. It is used in television, radar and for finishing etched copper circuits. These circuits are plated with rhodium to guard against corrosion and for protection against current leakage.

Important "Jet" Alloys

The Nimonic and Inconel series of high nickel alloys constitute one of the most important groups of alloys developed to meet the demand of jet engine manufacturers for materials with resistance to heat and oxidation at elevated temperatures. These alloys, which are employed widely in components of aircraft gas turbines, will retain their strength at temperatures as high as 1500 degrees Fahrenheit.

 The Wilmington vote was declared by Joseph H. Woods, presiding officer, and Chairman of the Board of Selectmen at 2:53 this morning.

Tanner and Wilkinsons Win
 Frank Tanner and Charles Wilkinson, the two present incumbent Representatives in the Legislature, both Republicans, and both from Reading, were re-elected, a tabulation of the district shows. Tanner was well ahead in the final tabulation, but Wilkinson was a mere 207 votes over his nearest rival, Democrat James Henchey of Woburn. William G. Shaughnessy of Woburn ran a close fourth.

The four way duel between the Reading and Woburn men had been intensified in the past week by editorials in the Reading Chronicle and the Woburn Times.

Other Races.
 Nothing was known as of 10 a.m. today, of the "minor" races, on the Wilmington ballots, with the exception of the race for County Commissioner. Alan G. Adams, of Lexington, the Republican nominee indicated at 4 a.m. today that he had conceded the race to Thomas B. Brennan, of Medford, present Democratic Commissioner.

Nickel Used Tripled Over Past 25 Years

The use of nickel throughout the world has expanded considerably over the past twenty-five years, with consumption of the metal increasing more than three-fold since 1929. Improved nickel-plating, stainless steels, alloy steels and cast irons, and high nickel alloys have been outstanding developments which have contributed to the greater use of nickel.

Cupro-Nickel Alloys

The cupro-nickel alloys containing from 10 to 30 per cent nickel with the balance mainly copper are most notable for their resistance to corrosion and fouling by sea water. These alloys are used for construction of coolers and condensers on ships and in coastal power, industrial and chemical plants. In addition, they provide materials of good strength and weldability for use with chemical solutions involving low concentrations of many acids.

Super Chain for Super Carrier
 The United States 60,000-ton "super" aircraft carrier "Forrest-

al", now under construction, will have what is said to be the largest and strongest anchor chain of any vessel afloat. Each link will weigh about 360 pounds. Made of nickel-

chromium-molybdenum alloy steel, it has been estimated that the huge chain will be strong enough to lift a small destroyer out of the water.

"Bang!"

Almost \$2,000,000 worth of explosives are used annually by International Nickel in the Sudbury District of Ontario where the Company conducts the largest base metal mining operation of its kind in the world. The explosives are used to wrest nickel-copper ore from the earth at a rate of over 1,000,000 tons a month.

New Aircraft Ignition Cable

An ignition cable for aircraft engines that resists the corrosive effects of electrically generated ozone gases and engine washing compounds has recently been developed. The new high tension conduit has three layers of pure nickel braid on the outside to shield the rest of the cable from corrosive attack and heat.

APPOINTED NORTH WILMINGTON POSTMASTER

Miss Roseanna Babine, Middlesex Avenue, assistant to the Postmaster at North Wilmington for some years past was appointed acting Postmaster of the North Wilmington Postoffice, on Monday morning, following the retirement of Mrs. Annie Gallagher, former Postmaster.

parents and teachers were in attendance.

The business meeting started at 7:45 with President Dorothy Lafionatis presiding. Mrs. Roy Her-som, Vice President and Chairman of the Program Committee, introduced Mr. John F. Collins, Supt. of Schools, who was the guest speaker for the evening. Mr. Collins outlined plans for the coming year and referred to some of the problems confronting our school authorities and possible solutions to them.

"During my first month as Supt. of Schools, my problem was transportation rather than education," Mr. Collins said. "However, we have solved that problem to the best of our ability and can now turn our attention to other subjects. One of the things I intend doing in the very near future, is to institute a testing program in our elementary schools. Very briefly, this would include reading readiness tests for first graders, an intelligence test for second graders, and achievement tests for the 4th, 7th and 10th grades. These will serve several purposes. First, it will give us an opportunity to determine where we stand in relation to other schools throughout the state and enable us to make any changes or improvements which are indicated. Secondly, it will

provide us with a factual record of achievement throughout his school career."

Mr. Collins explained that the H.S. Guidance Department has a fine testing program now in operation for high school students which will be continued.

The need for additional elementary schools in Wilmington is another problem which is being looked into, Mr. Collins explained. He said that the town has already inspected several sites. Dr. John Marshall, School Building Assistance Commissioner for the Commonwealth of Massachusetts, accompanied by TM Joseph Courtney, Building Inspector Ernest Rice and Supt. Collins, visited 5 building sites recently which the town has selected as possible locations for new elementary schools. Mr. Collins stressed the point that this is part of Wilmington's plans for the future and not an immediate goal.

Dr. Marshall approved four out of the five sites visited. The state reimburses a town for the cost of new schools in proportion to the town's ability to meet certain specifications required by the state. Wilmington is eligible for maximum reimbursement, or 50% of the total cost, Mr. Collins explained. Dr. Marshall complimented the town on its farsightedness and eagerness to plan NOW for the future. He was particularly impressed by the interest shown by town officials as well as school authorities in available sites for new schools.

Following Mr. Collins talk, students from the Wilmington H.S. Students Council, under the supervision of Miss Farello, spoke on juvenile delinquency and how parents can help to overcome this problem. PTA Membership Chairman, Mrs. Bernice Goldworthy, announced that a total of 391 membership tickets have been sold.

At the conclusion of the business meeting, a short talk was given by Captain Roberts of the U.S. Air Force, on the work of the Ground Observer Corps, and the important role that the town of Wilmington plays in this program. Captain Roberts told of the need for volunteer observers and a film, narrated by Edward R. Murrow, graphically illustrating what could happen to New England in the event of enemy attack by air. The film showed how the ground observer corps operates and how each and every adult can contribute to this all-important program of detection and protection against enemy attack.

President Dorothy Lafionatis expressed her thanks to all those who gave unstintingly of their time and effort in helping to make this one of the most successful meetings in the PTA's history.

The next meeting of the PTA will be held in The Wildwood School Cafeteria on Tuesday night, Nov. 9, at 8 p.m. An interesting program is planned and the Wildwood School has an excellent loud speaker system which will enable the audience to hear every word.

JOHN NEE SERVING IN FAR EAST

SWENSON - NELSON

On Sunday, Oct. 17, at the First Congregational Church in Wilmington, Miss Christine Swenson, O.T.R., daughter of Mr. and Mrs. Otto Swenson, of Wilmington, became the bride of Keith C. Nelson, son of Mr. and Mrs. Raleigh Nelson of North Wilmington.

The four o'clock candlelight ceremony was performed by Rev. Stanley Cummings before an altar adorned with the candelabras and baskets of white chrysanthemums.

Given in marriage by her father, the bride was lovely in a chapel length gown of tulle and chantilly lace over satin. It was fashioned with a mandarin neckline and fitted lace bodice. The bouffant skirt, featuring four lace panels, and the bodice were adorned with delicate sequins. Her fingertip vail of French silk illusion fell from a tiara of pearls. She carried a white Bible centered with a white orchid and streamers of ribbon and lily of the valley.

Maid of honor for her sister, was Miss Ruth Swenson, of Wilmington. Mrs. Llos Golden of Wilmington was the matron of honor. They were headpieces of leaves in metallic gold and carried cascade bouquets of golden daisy mums. The bridesmaids were Mrs. Alfred Swenson of Dorchester, sister-in-law of the bride and Miss Audrey Hill, O.T.R., of Bath Maine. Their

headpieces were green velvet leaves and their cascade bouquets were of bronze mums. All the attendants wore identical gowns of light green cup tulle on darker green taffeta, with neckline, dark panels and dash of hunter green velvet.

Little Pamela De Pascale, foster sister of the bride, wore a floor length gown of gold over taffeta. She carried a basket of mixed mums.

Best man for his brothers wedding was Gerald Nelson, of Billerica. Ushers were Alfred Swenson, brother of the bride and James Durkes of Wilmington.

The ceremony was followed by a reception in the church vestry. Mrs. Gerald Nelson was in charge of the Guest Book.

For her daughter's wedding, Mrs. Swenson wore teal blue crepe dress with lace side panel, and a matching velvet chapeau. Her corsage was of bronze mums.

Mrs. Nelson mother of the groom wore a pink brown taffeta dress with matching hat and accessories and a corsage of yellow mums.

Leaving for their wedding trip through Maine and Nova Scotia, the bride wore a charcoal gray suit with white angora trim and matching accessories. She wore her white orchid. The newlyweds will reside in Newtonville.

Both are graduates of Wilmington

High School. Mrs. Nelson is a graduate of Tufts College and the Boston School of Occupational Therapy at the Veterans Administration Center, Togus, Maine.

Mr. Nelson is a graduate of Wentworth Institute and attends Boston Architectural Center. He is affiliated with the Architectural Office of Albert Kreider in Newtonville.

NOVEMBER 15 LAST DAY TO SUBMIT PETITION FOR ACCEPTANCE OF STREETS AT TOWN MEETING

The Board of Selectmen have set November 15 as the final day to submit petitions for the acceptance of streets at the annual town meeting in March. This early date is set so that the Selectmen will have a chance to tour all roads so that they may make their recommendations for acceptance at the town meeting.

JHS TEAM SHOWS ITS STUFF

The boys of the Junior High School, 7th and 8th grade, full of vim and energy, showed a team from North Reading how to play football, last October 20, at the Town Memorial Park. With many of their dads sitting in the stands, and threatening to pop the buttons off their vests, the seventh and eighth graders romped all over the field, to win by a score of 18 to 7.

Robert Spellman, of West Street, who was acting as Captain for the game made two touchdowns early in the game, one after a 70 yard run, and the other after a 50 yard run. He was followed by George Munroe, who made a touchdown after a short run.

In the second half the Wilmington boys were just as lively, and they let their will to win get the better of them. They crossed the goal line two more times, only to have the referee call them back, for being off side.

North Reading achieved one touchdown, and also made their point, in kicking.

Playing in the starting lineup, for Wilmington was McFeeters le, Walsh lt, Etsell lg, Casey c, Cormier rg, Peters rt, Crotty re, DeFelice qb, Spellman rfb, Munroe lfb and Rooney fb.

Coach Joe Beatson of the Junior

High team reports that he has plenty of "material" as seventy boys reported for fall practice. Only 32 are now in the squad, as there were no more uniforms.

5 WEEKS VACATION A YEAR SAVE ALMOST \$100 A YEAR AND STOP SHOVELING COAL

Coal is a good fuel. But stop and think! When you buy fuel are you buying coal or are you buying heat? Of course, you buy heat. Then ask yourself this important question: "Am I getting the most for my time and money?"

The answer is "No"! Because if you are burning coal you spend an average of one hour per day stoking the furnace, walking up and down stairs, taking out the ashes and ash barrels. This totals 210 hours per heating season or 5 40-hour weeks of leisure. Could you use that? Wouldn't that be worth three or four hundred dollars?

From the financial standpoint, if you burn 8 tons of hard coal this winter it will cost you about \$216. You would get the same amount of heat from 928 gallons of oil for only \$124.35. Think of it... a difference of \$91.65. Why?

Because the scientific fact is you get more heat units delivered to your rooms from a dollar's worth of oil than you get from a dollar's worth of coal. The more coal you burn the more money oil will save you.

Ah... you say... that's fine, but I have to buy an oil burner for three or four hundred dollars to burn oil. Yes, you do. But read this carefully and you won't be another cold day without oil heat.

You can convert your coal burning boiler to a modern efficient oil-fired unit with the amazing new Winkler low pressure Oil Burner for only \$13.95 per month—and you pay nothing until January.

Look at these figures. Compare the cost. Then ask yourself if you are willing to keep shoveling coal.

8 tons of coal per year
at \$27 per ton \$18.00 per mo.

or

Winkler Low Pressure Oil Burner
completely installed \$13.95 per mo.
928 Gallons of oil per year
at 13.4 cents per gal. \$10.36 per mo.

Total Cost \$24.31
Total Difference \$ 6.31

There you have it: Complete oil heating comfort for \$6.31 a month more than you now pay for coal alone. Just about cigarette money! But it gets even better. Because after 36 months you begin to pocket these fuel savings.

How would you like to have your rent or mortgage reduced over \$7.60 per month!

That's what \$91.65 in fuel savings means.

Look what Chapin Nichols offers you for \$13.35 per month.

1. A Premium quality oil burner; the famous Winkler low-pressure Oil Burner.
2. A fine hand crafted combustion chamber in your boiler.
3. A complete set of automatic controls.
4. A complete tank piped and installed.
5. A baffle which is specially engineered for your boiler.
6. A finger-touch control thermostat.

What is a low-pressure oil burner anyway? Briefly, an ordinary high-pressure burner is made so it cannot possibly give you uninterrupted operation burning less fuel than 1 1/4 gallons per hour. A Winkler Low-Pressure Oil Burner can be fired at as little as a half gallon per hour. Do you realize what this can mean in extra fuel savings to you?

Don't miss out. Now is the time when maximum savings can be made to help you pay for your burner out of fuel savings. Remember, with your Winkler Low Pressure Oil Burner, you'll just touch the thermostat and relax in comfort. Start enjoying your oil heat right away. And most important: we will make the change without interrupting your heat. Stop shoveling dollar bills into the hungry mouth of your coal furnace. Give up being chained to a coal shovel and start saving that hard cash you're wasting on heat. Let your fingertip do the work your back has been doing.

Call Chapin-Nichols right away at REading 2-3290 and ask for Mr. Rimbach. A courteous, trained heating engineer will call on you at your convenience and completely without obligation. You'll get no high pressure from Reading's oldest and one of its most reliable heating firms. Do it now! It will cost you nothing to inquire... but it may save you plenty!

Earle H. Chapin

CUB SCOUTS HAVE A HALLOWEEN PARTY

Cub Scouts of Pack 56, about 30 strong, with their mothers and dads enjoyed a Halloween Party, at the Junior High School, Thursday, October 21. The Pack Meeting had Cub Scouts of four Dens showing their skill and handiwork. The party was under the direction of Edward Curtis, Cub Master, and music for singing skits was ably provided by Robert Curtis.

Den One, Mrs. George Ford Den Mother, had John Amato, Ernest Pearlstein, David Gilbert and Donald Ford in their skit. In Den Two, Mrs. Moegelin and

Mrs. James Moore, Den Mothers, the Cubs taking part were Dennis Smith, David Jackman, Billie Crane, Len Bryant, John Moore, Danney Moegelin, Blackie McInnis and Fred Neilson. In Den Three, Mrs. Shirley Jackman Den Mother, were Cubs Richard Alley, Robert Blackburn, Robert Curtis, Ronald Knight, Daniel Gouvea, Gary Jackman and Steven Ridley, while Den Six, Mrs. William Burns and Mrs. Thomas Williamson Den Mothers, were Robert Peters, William Williamson, Michael Dolan, William Burns, Jack Winters, Robert Jones, Fred Klynnan and Norman Klynnan.

AUTO ACCIDENT ON MAIN STREET

A car driven by James R. King, of Tanglewood Road, Tewksbury struck a telephone pole, on North street, near Lloyd Road, at about noon, Oct. 26. King told the Wilmington police that he had lost control of the car, presumably from striking a rock in the highway, just before the accident.

ST. THOMAS NEWS

Sunday Masses:

At 7:00, 8:15, 9:30, 10:30 and 11:30
Wednesday and Thursday:

The St. Dorothy Varsity Varieties at the Wildwood School Hall at 8:00 P.M. We commend the parishioners of St. Dorothy for the active interest they have shown in their new parish. They deserve our encouragement in this their first theatrical.

Thursday:

Confessions at 7:30 P.M. in preparation for First Friday.

Friday:

First Friday Masses: 6:00 and 8:00 A.M. and Holy Communion distributed at 7:30. Sacred Heart Devotions and Monthly Sodality meeting at 7:45 P.M.

Next Sunday:

Ladies Communion Day

Coming:

The Annual Turkey Whist at Villanova Hall Nov. 17th. This event will mark the reopening of the parish hall. The committee welcomes the donation of prizes.

The Fall Paper Drive - Sunday, Nov. 21st.

The church will be open and lighted until 9:00 P.M. every even-

ing. Anyone wishing to make a visit before 9:00 may put on a light if they find it necessary.

Prayers:

Our sick of the parish.

William Ethierl whose 1st anniv. High Mass of Requiem Sat. 7:45 A.M.

Our deceased parishioners.

ALFRED SWENSON IN ARMY

Edward Alfred Swenson, son of Mr. and Mrs. Otto Swenson of Adams street is now in the US Army. His address is Pvt. Edward A. Swenson, US 51328077, Co. B, 364th Inf. Regt. 69th Inf. Div. Fort Dix, New Jersey.

ACCIDENT ON MAIN STREET

Two cars were damaged, in an auto accident on Oct. 30th, about 10:30 pm., in front of Gildart's garage. One car, owned and operated by Robert E. Wheaton, 55 Wyman street, Woburn was reported to be stopped at the time of the accident according to the Wilmington police. The other car was owned and operated by Constantine Papas, 193 Broome street, New York City. There were no personal injuries.

One of the most historic homes in Wilmington is to be transferred to a new owner, soon. The historic Ford-Blanchard House, in North Wilmington, better known to the present generation as the Harriman Home, is to be sold about the first of December to John D. Brooks, now of Somerville. Mr. Brooks is the morning City Editor of the Boston Daily Record.

Situated in the ancient Land of Nod, the house was built in 1720, by Cadwallader Ford, an Irish emigrant, who became one of Wilmington's most prominent citizens, and was a member of the first Board of Selectmen, when it was elected in 1733. When Ford bought the property, in 1720, he purchased about 300 acres in the Land of Nod, which was then part of the Town of Charlestown, and built what is now the front of the present building.

Ford was not only a farmer, like his neighbors, but also a speculator, who with Daniel Eames, progenitor of the Eames family of

Wilmington, once owned practically all of what is now Penobscot County, in Maine. The home passed through descendants of the Ford family, (one of whom was Capt. Cadwallader Ford, Wilmington Minute Man) to the Blanchard family, and in the early 1800s it was the home of Colonel (also known as Squire) William Blanchard, who had a position unique in the history of the Commonwealth of Massachusetts, that of "Hops Inspector", which drew a salary equal to that of the Governor.

The home was later owned by the "Widow Blanchard", from whom the name of "Widow Blanchard's Crossing" was derived, when the railroad was built to Boston, in 1845.

Acquired by Caleb Harriman after the turn of the century, the building was extensively enlarged, and rebuilt, and is now over twice the size of the original building.

Only four acres of land remain of the once extensive estates, land which will be conveyed at the same time as the house, on Dec. 1st.

SOUTH OF THE RIVER

Mrs. Jack M. Tuell
Oliver 8-3053

The Fellowship Group of the Tewksbury Methodist Church recently sponsored a church-wide program. Rev. James Duncan, of Saint Paul's Methodist Church, Lowell, showed a group of slides and presented an informal lecture on the trip he made to the Holy Land two years ago. Members of the Fellowship Group and many friends of the church were present to enjoy the program and refreshments following.

A meeting of general interest to the whole South Tewksbury Community was held at the Shawsheen Grade School, Thursday evening, October 28th. The main purpose of the meeting, was to talk over the advisability of organizing a separate Parent-Teacher-Association, for the Shawsheen School. Mrs. Greely, District Director, was the speaker for the evening. It was voted to form separate organization, and to call it the Shawsheen School Parent Teachers Association. It was also voted to meet on the third Tuesday of every month. A by-laws committee was appointed from the floor, as was a nominating committee, the latter being made up of Rev. Jack M. Tuell, Mrs. John P. Murphy, Mrs. Joseph Whelan, Mrs. Gerald Rideout, and Mrs. Mary Kelley. These two committees will present their reports at the next meeting, November 16th.

Leon Southmayd, of 30 Pratt Street, is in the Massachusetts State Infirmary, Tewksbury.

Miss Doris Fisher and Theodore Tetreault were united in marriage, at a very lovely afternoon wedding,

Sunday, October 31st, at the South Tewksbury Methodist Church, Rev. Jack M. Tuell, officiating. Mrs. Ruth Dewan presided at the organ, and Mrs. Ralph Peters sang appropriate wedding songs. The church was decorated with baskets of white chrysanthemums, and the altar had two vases of white carnations and green fern. About 135 friends were at the ceremony to wish the young couple well. The new Mrs. Tetreault is the daughter of Mrs. Stella Stow, of 120 Lake Street, Wilmington, and has been employed as a Florist's Assistant, while Mr. Tetreault is the son of Mr. Ernest Tetreault and Mrs. Ethel Crawford, and is from Chelmsford. The couple will be living at Niagra Falls, New York, where the groom is stationed in the U.S. Air Force.

The Wilmington Council of Churches sponsored a union Reformation Sunday service, October 31st, 7:30 p.m. at the South Tewksbury Church. Rev. Tuell, the host pastor opened the service, the Carolers Choir of the host church sang, "May Christ Be Praised". Rev. Stanley Cummings, of the Wilmington Congregational Church read the scripture, and was followed by Rev. Richard Harding, leading in the pastoral prayer. The speaker of the evening was Rev. Anthony Perrino, pastor of the Balldvale Methodist Church, who spoke on the subject, "Why I am a Protestant".

NATIONAL FLOWER WEEK

Attractive bouquets of carnations are now on display in the Wildwood School and at the local Postoffice in observance of National Flower Week, Oct. 31 to Nov. 7. Florist, both wholesale and retail, throughout the country are observing this week in similar fashion by placing

flower arrangements in various public buildings.

The flowers in Wilmington have been arranged and donated by Sigfrid Olson, carnation and chrysanthemum grower, with greenhouses located on Lowell St. this town. Mr. Olson is a well-known grower in this vicinity and is a member of numerous florists organizations, some of which are: The American Carnation Society, New England Carnation Growers, Asso., Society of American Florists and Massachusetts Flower Growers Association.

STONE INJURES TRAIN PASSENGER

A Boston & Maine Railroad passenger was injured, about 4 pm on October 28th, while the train he was riding in was near the Silver Lake Railroad station. A stone, thrown by youngsters smashed the window near the passenger, and it is reported that the injuries involved the man's eye. No report on his name was given to the Wilmington police, who searched the area for the youngsters, but without success.

CONGREGATIONAL NEWS

The semi-annual meeting of the Woburn District will be held at Reading, commencing at 10:15 a.m. Monthly meeting of the Church Cabinet at the parsonage on Thursday at 8 p.m.

Sunday, Nov. 7th. 9:30 a.m. Church School. 10:40 a.m. Informal prayers group. 11:00 a.m. Kinderkirck. 11:00 a.m. Morning worship. 12:00 m. Special meeting in the parish house, to act on the budget for 1955. 5:00 p.m. Semi-monthly meeting of the Quaintance Club at the parsonage. 7:00 p.m. Fireside Fellowship. 8:00 p.m. Monthly meeting of the Couples Club in the vestry, at which Joseph Courtney, Town Manager, will be the speaker.

The monthly meeting of the Finance Committee will be held on Wednesday, Nov. 10th, instead of on Tuesday.

HUB CAPS STOLEN

Four large-style chrome hub caps and two "skirts" (fenders) were stolen from a car parked in a Westdale avenue yard, on the night of Oct. 26th. The theft was reported to the Wilmington police by John Burke on Oct. 27th.

ABSOLVED IN HYDRANT CASE

A Wilmington youth has been absolved by the Wilmington police of complicity in connection with the opening of hydrants, on Halloween evening. Eight hydrants were turned on, in rapid succession, one on Hopkins street, three on Shaw-

AMERICAN EDUCATION WEEK

The week of November 7-13, 1954, has been chosen for the 13th annual observance of American Education Week by its sponsors, the National Education Association, the American Legion, the United States Office of Education, and the National Congress of Parents and Teachers.

The central theme of this year's observance is addressed to the individual citizen: Good Schools Are Your Responsibility!

During American Education Week, the nation's schools extend a special invitation to the public to Visit Classrooms - to see the schools in action. The sponsors estimate that, in 1954, 20 million people will accept that invitation. Millions more will learn about their schools through newspaper and magazine articles, radio and television programs, displays and demonstrations, and special community programs and activities.

"Wishing for good schools is not enough," declares the sponsoring committee. "Communities have good schools when the people want them. American Education Week is an appropriate time to Reexamine The Education Program Of Your Community. What is your school doing best? Can it do some things better? Good schools do not just happen. In each community, and state, the schools are what we make of them. They have our interest and support, not only during American Education Week but also during every week of the year."

Wilmington schools and school personal are joining in the observance of this special week dedicated to American Education by having open house in various schools so that interested parents and friends may visit and see the work at first-hand that the pupils and the teachers are doing.

The following schedule has been approved by Mr. Collins, the superintendent, so that the parents may visit all the schools that their children attend.

Monday - November 8: Senior High. Tuesday - November 9: Junior High; Buzzell Center. Wednesday - November 10: Elementary Schools; West; Walker. Thursday - November 11: No School - Armistice Day. Friday - November 12: Whitefield; Wildwood.

All interested persons may visit the schools on the day schedule. In the elementary grades, the "open house" will be from 9:00 A.M. to 4:00 P.M., and in the Senior and Junior High Schools, from 8:30 A.M. to 3:30 P.M. The hours after the regular dismissal are for the convenience of parents who wish to confer with the teachers but who are unable to come during the regular school hours.

The Junior High School, grades 7 and 8, will also be open during the evening of Tuesday, November 9, 1954, from 7:30 to 9:30 P.M.

TO FORM YOUTH COUNCIL
The Wilmington Area Council of Churches is making plans to form a Youth Council, made up of representative youth of the member churches. The Rev. Richard E. Harding has been asked to serve as advisor to this council, and has called a meeting for Sunday afternoon. Two youth delegates from the So. Tewksbury Methodist Church, The Wilmington Congrega-

tional Church, The Forest Street Congregational Church, and the Wilmington Methodist Church will meet with Mr. Harding, and the Youth Director of the Wilmington Congregational Church, Mr. Wallace Reed.

This group will elect representation to the Council of Churches Executive council, and make plans for joint activities in the community.

Thanksgiving Whist for St. Thomas
St. Thomas parish will sponsor a monster Thanksgiving whist on Wednesday night, Nov. 17 at Villanova Hall under the general chairmanship of Father John Regan assisted by Mrs. Joseph Kelly and her committee. Tickets may be obtained by calling Mrs. Kelly at OL 8-4775.

Story Hour At Library
Children between the ages of 4 and 6 are invited to attend the Story Hour at the public library on Middlesex Avenue every Wednesday morning starting at 10:30 Mrs. Irene Silverman is in charge of the group.

Brownie Is Doing Well
The many friends of Brownell Malone, Federal Gardens, will be glad to hear of his progress in the Army. Brownie has been recommended as a candidate for Officer Candidate School. He enlisted in the Army at 17, was a Corporal at 18, and last week, 19 years old, was promoted to Sergeant. Brownie is at present stationed at Fort Devens, but expects to leave in about a month, for his tryout for OCS.

Wildwood Mother's Club
At a meeting held in the Wildwood School Cafeteria on October 26, the Wildwood Mother's Club elected the new officers: President Margery LaRivee, Vice President Mrs. Margaret Imbimbo, Secretary Mrs. Suprenant, Treasurer Mrs. Elsie Medico. Over 85 mothers attended the meeting. Superintendent of Schools, John Collins, was the guest speaker and took the mothers on a tour of the beautiful Wildwood School.

Confined to her home
Her many friends will be sorry to learn that Mrs. Ruth McCue of Taplan Avenue is confined to her home with a cracked rib the result of a fall. Dr. MacFarrell is her physician. We wish her a speedy recovery.

Mrs. Gallagher Retiring
Mrs. Annie Gallagher of Middlesex Avenue, who has been Postmistress at the North Wilmington Postoffice for 32 years, retired from her post effective November First. Mrs. Gallagher has reached the age of retirement. She has made many friends throughout her career, all of whom join in wishing her a happy birthday. Mrs. Gallagher was 70 years young on October 25th.

Discussion Groups
Those wishing to join one at St. Thomas Church may do so by contacting any one of the following: Mrs. Eleanor Day, William Beers, Mrs. Estelle Shelley, Alen MacMull-

FOUR GRADUATE FROM BAINBRIDGE

Proud parents of four Wilmington boys watched their sons graduate from the U.S. Naval Training Station, at Bainbridge, Maryland, last Saturday. In the stands, watching the battalion march by were Mrs. Wesley H. Baker, Harris street, Mr. and Mrs. Henri P. Chinn of Belmont Avenue, Mrs. Leroy Poole of Jamaica Avenue, and Mrs. Robert F. Reid, 40 Swain Road West. David P. Chinn had the honor of being the Adjutant, or second in command, during the graduation parade, and the other Wilmington boys to graduate were Wesley H. Baker Jr., Norman L. Poole, and Robert D. Reid. All will now receive a graduation furlough, to visit their homes in Wilmington.

BOSTON ROAD —:— BILLERICA

INDIVIDUAL TRAIN SCHEDULES AVAILABLE IN WILMINGTON RE DEPOT

Those tricky little x, y, and z references to timetable footnotes won't be any trouble hereafter for Boston and Maine Railroad patrons in Reading, Wilmington and Lowell, Mass., and Exeter and Dover, N.H., if they use new pocket timecards just issued by the railroad to show train services in their particular communities.

Strictly as an experiment the railroad is trying a new arrangement of the train schedules printed in its small timecards for the five communities designated. Instead of using a single letter to refer a patron's attention to an explanatory footnote the new cards spell out any exceptions to regular sche-

dules by such words as "Except holidays," or "Holidays only", immediately after the individual train time shown. Even the Budd High-liners, formerly designated only by a blue dot, now are shown by a blue dot and the words "Budd car", after the train specified.

The new printing arrangement applies only to the small pocket-cards and only to the five communities named. If it proves acceptable in those communities the system will be extended later to timecards covering other commuter points, according to Dan C. Sullivan, producer of the timecards for the railroad.

WILMINGTON 27 NORTH ANDOVER 0

Despite an intermittent rain, which threatened to spoil the game, Wilmington got off to a rousing start last Saturday, when Capt. De Piano swept down the field to score, in the early moments of the game. However, the referee dropped the red hanky, to declare the play no good, and the Wilmington boys had to start all over again. Undaunted, in the second quarter

De Piano broke away again to score, and Doug Anderson, playing fullback, made the point. At the end of the half the score was Wilmington 7, North Andover 0.

At the start of the third quarter a new recruit, Irving Storms, broke loose and made a run which brought the fans to their feet, screaming. Storms was downed within five yards of the goal posts, and in the next play De Piano carried the ball across the line.

Storms had just started. A few minutes later he received the ball on the fifteen yard line and ran the

Still later in the third quarter by the screams of the fans, and the North Andover boys. He got the ball safely across the line, and all was joy in the Wilmington ranks.

Still later in the third quarter Captain De Piano again scored, to make the final score Wilmington 27 North Andover 0.

Much praise and credit is due to the Wilmington team, and to Capt. De Piano, for this game. De Piano now has his team working as one man, and he himself scored three of the four touchdowns. It begins to appear as if the Wilmington boys have conquered their failings, of the past few weeks.

Starting lineup: Wilmington: Wetherbee re, Palmer rt, Branscombe rg, Leavitt c, Byam lg, Tessicini lt, Moore le, Kavanaugh qb, Nally rrb, De Piano lhb, and Anderson fb. Wilmington substitutes: Storms, Reid, Kehoe, Fuller, Thorpe, Barboza, Rooney, Cavallaro, Sweet, Rosa, Pupa, Burns, Field, Barrett, Rexford and Amaro.

Starting lineup: North Andover: Noon le, Killen lt, Hutchins lg, Galvagna c, Holland rg, Detore rt, Gillick re, Foulds qb, Snell lhb, Corcoran rrb, and Harris fb. Substitutes: Nicora, Battogioi, DeMario, Heinze, Burris, Haigh, Kettinger, Mathaw, Lyons, Annaloro, Cahill, Elliot, Warwick, Blackstock, Colby, Chamberlain, Ela, McDonald, Zigelis, Currier and Maynard.

CHELMSFORD TIES WILMINGTON GIRLS

The girls of Chelmsford High School have achieved the only score, on the Wilmington girls, in Field Hockey, this year. Last Wednesday, in a game played in Wilmington the Chelmsford girls made one point, on a free play, to tie Wilmington 1 to 1. The Wilmington point had been made by Jean Ashworth. The game was tightly contested, throughout.

Playing for Chelmsford were Marrow lw, Paddock li, Cross cf, Bell ri, Medin rw, Harper lhb, La Haise chb, McCarthy rrb, Murphy lfb, Scully rrb and Morrison as goalie.

Playing for Wilmington were Pat Hyatt lw, Jean Ashworth li, Pat Bennet cf, Sandra Harris ri, Betty Finn rw, June Goss lhb, Frances Pellerin chb, Doris Cushing lfb, Jackie Asworth rrb and Judy Roberts goalie.

Wilmington 1, Tewksbury 0

On October 25th the girls journeyed to Tewksbury, to beat their old rivals by a 1 to 0 score a very evenly matched game. Scoring the goal was Pat Bennett.

CAREER DAY IN WILMINGTON HIGH TODAY

The first of a series of Career Days is being held in Wilmington High School today. Career days are planned to give the students an insight into the type of work or employment they may seek, for the future.

Bruce Buntin, Personnel Assistant of the Employers Group Insurance Companies will speak on "Careers for men in Insurance". Miss Jessie Stewart, Assistant Director of the Nursing School of the Massachusetts General Hospital will speak on "A Day in the life of the Student Nurse", and Dr. Robert Shepard, Professor of Chemistry in Northeastern University will meet with students interested in "Preparing in a Liberal Arts College for a career in Science".

Dr. Shepard is well known locally. He is a son-in-law of Harold Melzar, of Lake street, and is active in the Congregational Church, being the Director of the Choir there.

ST. DOROTHY NEWS

Masses:

At Silver Lake: 8:45 and 11.
At St. Mary's: 7, 8:30, 10:30 and 11:30.

First Friday is this week and Mass at 7 o'clock. Confessions on Thursday at 7:30.

On Wednesday and Thursday evenings this week at 8 o'clock in the Wildwood School Hall we shall present our grand production Variety Varieties. This production will please you beyond all your expectations so please do not miss it. If by any chance you haven't procured a ticket kindly contact Mr. Joseph Whelan or Mr. Wm. Leahy or other committee members. Also at St. Thomas Rectory. All children under 14 are invited to the dress rehearsal this afternoon at 2. Admission free.

Choir rehearsal for the girls on Wed. at 4. Boys rehearsal Thurs. at 4.

Tickets and books for the annual Turkey Whist to be held on Friday eve, Nov. 19 may be procured from Mr. Ernest Crispo or the following members of the committee: Mrs. Edward Welling, Mrs. Leonard Chisolm, Mrs. Leonard Mackey, Mrs. Alfred Fairbrother, Mrs. John Murphy, Mrs. Wm. S. Wendell and Miss Phyllis O'Brien.

Next Sunday is communion day for all the women of the parish. The National Convention for Catholic Women begins in Boston next Saturday and continues through Wednesday. This is to be one of the grandest assemblies for women ever in Boston. The sessions will cover every field of Christian living and it is to be hoped that as many women as possible will attend. The Pilot this week and your daily newspapers will print the scheduled events for each day so that you may choose those you wish. We have some reserved tickets for those who wish and since there is a limited supply kindly call the rectory of St. Thomas today or tomorrow. First come first served. However all ladies of the parish are welcome and may go into the Statler Symphony Hall or Mechanics Building on any of the days. President Eisenhower will address the convention on Monday morning at 11 A.M.

22 BUILDINGS INSPECTED BY BOARD OF HEALTH

Tabulation of the work accomplished so far this year, in the Board of Health meeting last Thursday night, showed that a total of 22 buildings, sub-standard in one respect or another, had been inspected since the town has adopted the "minimum standards law" last spring.

10 buildings have been emptied of their occupants, and the Board is now working on others. Notices were sent to the owners of two of these, Thursday evening. In one case, of the twenty two inspected, from a public health standpoint, but the remaining 21 will probably all have action by the Board.

Of the 10 buildings which have been emptied, 2 have been burned to the ground, and three others are in the process of being torn down.

Well Baby Clinic

The Board is considering the possibility of the establishment of a "Well Baby Clinic" in Wilmington. Members of the Board plan to attend a "Well Baby Clinic" later this month in either Nashoba or Redding, or perhaps in both towns.

Food Regulations

Under consideration at the present time, by the Board, is the adop-

tion of Food Regulations, for the town of Wilmington. Sanitarian Patrick A. Thebeau is preparing the regulations, with the advice and assistance of Dr. Gaius Harman M.D. MPH. A tentative date of adoption has been chosen, March 11, 1955.

CHANGES IN YOUR SOCIAL SECURITY

By Ethel Ellopoulos
District Manager of the Lowell
Social Security Office

There is a provision in the new social security law which resembles, in some ways, the drop-out of low or no earning years which I explained in a recent article in this series. This is the provision known as the "disability Freeze". It should not be confused with the drop-out.

But it does act to discount no-earning years from the worker's average monthly wages. And like the drop-out, it is something entirely new to social security. So I'd like to explain a little about the disability freeze in this article.

The social security disability "freeze" may be roughly compared to the "waiver of premium" which is offered to individuals who purchase ordinary life insurance. A waiver of premium is used to main-

tain the protection of the private insurance policy for the duration of the policy holder's disability. The social security disability provision will freeze the years during which a disability has kept the worker from earning so that those years of disability will not affect the disabled worker's social security account.

I should like to mention one fact about the disability provisions which may be misunderstood at first. The disability "freeze" is not disability insurance. A person must be disabled to apply for the "freeze", but he can not receive social security benefits until he retires at age 65 or later. Then he will find that he will not receive reduced benefit amounts because his wage record has been frozen during the years in which he was unable to perform any gainful

work. Before the 1954 disability provision in the social security law, the worker, who became disabled after a long record of contribution to the labor force of the nation, may have lost his insured status. This would have been possible under the old law because the entire period of his disability was included in the time which was the basis for determining his insured status. Or if the disabled individual didn't lose his insured status, the period of his total disability during which he was earning no wages would greatly reduce his average monthly wage. And it is upon the average monthly wage that the benefit amount is computed.

The 1954 amendment with the special disability freeze was designed to correct the cut in bene-

fits and the loss of insured status. It is a provision for those who have a long and recent record of attachment to the nation's labor force. For this reason there is a requirement that the disabled person must have worked under social security for at least five years. These five years must have been during the ten years right before the disability began. And one and a half years must have been during the three right before the disability began.

Any worker who, after meeting the qualifications just described, becomes totally disabled by illness, injury, or other physical or mental impairment which is expected to be of long and indefinite duration, which is medically determined, and which has lasted for at least six months is eligible for the disability freeze. This means that his wage record for the period of his disability will be frozen and not counted against him in figuring his insured status, and the amount of his future benefits.

The provision goes into effect on January 1, 1955, and that is the first day that a disabled worker may apply for the "freeze". The disability freeze cannot be applied in cases where the worker has died or is no longer disabled at the time of application. Because of this, it is to the worker's advantage to apply for the freeze as soon as his disability begins. After a disability has been in effect for at least six months, it may be medically determined for purposes of the "freeze".

The disability freeze will not be applied in figuring benefits which are aid to survivors of disabled workers who die before July 1, 1955. If a worker is declared disabled, July 1955, is the first month in which he can be paid a retirement benefit computed with the exclusion of the period of disability. And when a worker reaches age 65, his period of disability will be considered ended. If the disabled person applies for the disability freeze before July, 1957, his wages will be frozen for a disability as far back as September, 1941, if he is still disabled at the time of application and if he meets the work requirements. After July 1957, the disability freeze will apply to wages going back only as far as the duration of the disability.

After a period of disability has been excluded from the computation of benefits, the disabled person may take the advantage of the five-year drop-out of low earnings. I described how the drop-out works in a recent article and the same procedure will apply to the disabled individual. Along with protecting the disabled workers insured status and benefit amount, the freeze will protect the benefit amount of the survivors and dependents of a qualified disabled person.

THE SELECTMEN'S MEETING

The Selectmen, Monday night, received a letter from John A. Volpe, Commissioner of Public Works, acknowledging receipt of the telegram sent last week, and stating that as soon as possible he would confer with the Board about the problem of the location of Route 28, in North Wilmington.

At a later point in the evening Joseph Courtney, Town Manager, reported that he had written to Volpe for a copy of the detailed map of this area, for Route 28. He also reported that an engineer, named Whitcomb would be available for a meeting with the Board of Selectmen during the week of November 29th.

Cranberry Bog

The Selectmen received a letter from the Lowell Cranberry Company, 255 High Street, Wareham, signed by Dorothy S. Handy, relative of drainage conditions in the area of the cranberry bog off Shaw-sheen avenue. The letter reported that the company had lost their 1954 crop, due to poor drainage, caused by faulty installation of pipes below the bog. A notice had apparently been given to the TM about six weeks ago, of this, and nothing had been done. The company ended its letter by a refusal to pay their 1954 taxes until they had had some indication that something was to be done about the drainage.

The Selectmen turned the letter over to the Town Counsel.

Drainage - Shaw-sheen Avenue

Joseph Ricelli of Shaw-sheen avenue appeared before the board to complain of drainage conditions in his locality. Ricelli told the Selectmen that a catch basin, at the foot of Amherst avenue was filled with sand, and this forced the water coming down the hill to flow across the street, destroying his lawn and flooding his cellar. Ricelli told the Selectmen that he had done a lot of work trying to alleviate the condition, such as building walls, replacing washed away soil, and trying to keep the catch basin clear, but it had availed him nothing. He had complained to the Superintendent of the Highway Department last summer, and nothing was yet accomplished. Now he wanted to know if some action could be had.

Ricelli pointed out that a small lake often forms, because of the flooding in the area, and that in the winter time he had seen a number of cars skid on the ice in the highway. "I think that this catch basin could be cleaned once in a while" he said.

The TM promised to look after it.

Auburn Street
TM Courtney reported that he had been looking at Auburn street, accepted last spring in Town Meeting, with an eye to putting it into "passable condition". The pipe line, for water, he said, was too high, and would have to be lowered before the street could be properly graded. This was work that could not be done until next spring, but he had discussed the problem with residents of the street, and he believed they agreed.

Roosevelt Road

Mr. Coe, of Roosevelt Road attended the meeting to see about his street. He reminded the Selectmen that they had promised "October", and it was now November.

Maintenance Men

TM Courtney told the Selectmen that he believed it would be necessary to have a couple of men assigned to maintenance duties, in connection with highways, and other work of a similar nature. These men could be used to take care of the small jobs that were constantly appearing, in all parts of town, Courtney said. He was thinking of allowing for this, in the 1955 budget.

Mrs. Drew: You don't have enough men in the Highway Department!

Black: It is unreasonable to assume that the present Highway Department, which is about the same size as it was 20 years ago, can take care of all the streets in this town. That place on Glen Road, near the Larson home, which was damaged in the hurricane has still to be fixed—White doesn't have enough men!

TM: I'm going to get two more men.

Mrs. Drew: Two men and a forearm.

Black: What do you want — a Mexican Army?

Buildings

TM Courtney told the Selectmen that the owners of the building in which the Ecco store was located had been notified that the building would be condemned on November 3rd. Notification had been made by the Building Inspector.

In another case, in which construction was being done without a permit, the construction had now stopped, the TM said. An injunction would have been applied for, against the owner, had he not stopped construction. He had not applied for a permit, before building, the TM said.

Fire Department Signals

Courtney told the Selectmen that work will start about Dec. 15th on repairing the Fire Department signal line. It was impossible to get any one to do this work earlier, he said. The Chief of the Fire Department had investigated all possibilities.

Halloween

The TM told the Selectmen that there had been an extra police squad on duty, over Halloween, and that the Custodians of the schools had stayed in their buildings, with all lights lit, for the holiday night.

Black: I never saw less vandalism than this year.

Sick Leave

Courtney reported that he is still awaiting a letter from the Town Counsel, with regards to his proposals for a sick leave system for town employees.

State Hearings

On November 8th, at 10:30 a.m. there is to be a hearing on the State House, on several proposals, Courtney reported. He stated that he planned to be present.

One of the proposals is to establish a State-Wide Board of Appeals, with power to review or set aside the findings of local boards. Courtney indicated that he was definitely against such a proposal, and all the Selectmen agreed with him. Bliss stated that he understood the proposal, and all the Selectmen agreed with him. Bliss stated that he understood the proposal had been made by the Home Builders Association of Boston. He made a motion that the Board go on record as being against the proposal, and this was voted unanimously.

A second subject to be discussed, Courtney said, was a series of amendments that were planned for the Sub-Division Control regulations, and one of these would make all sub-divisions approved previous to Jan. 1, 1953 exempt from control by the local Planning Boards. "I intend to oppose this." He was given a vote of confidence by the Selectmen. In the same breath, practically, the TM told them that as things now stood industrial de-

velopments had a lot of exemptions from other type of developments, which was something that he thought should be rectified. This too, met the Selectmen's approval.

The last item mentioned by Courtney, with reference to the hearing of November 8th was a proposal about Official Maps, for towns, and cities. He wasn't one hundred percent sure of what the proposal would embody, but was definitely sure that he wanted an Official Map for the town of Wilmington — "the present one is full of paper streets, and other things and should be rectified."

Courtney said that Howard Woolaver, Secretary of the Board of Appeals, would also attend the November 8th meeting.

State Planning Board

The annual conference of the Massachusetts Federation of Planning Boards will be held in Springfield on November 8th and 9th, the TM reported. Messrs Woller and Irwin, of the Wilmington Planning Board would attend, and the TM said that he hoped to be there on Saturday.

Finance Committee

Courtney reported that he had been talking with the Finance Committee about future finances. He reported that he hoped to have a program for stabilization of the tax rate — "I don't like the idea of fluctuating up and down —" and material going back to 1939, on the subject. By 1956 Courtney said, the problem will be acute, for then the new High School Bonds will be coming due. Courtney reported that the reaction of the Finance Committee was "favorable".

Sewerage

The Housing and Home Financing Agency (Federal) has sent forms to the town, for use in respect to surveys for a sewer, Courtney reported — "but they aren't suitable". He hoped to be able to do something on the score, however.

Forest Street

Someone has been working, in the vicinity of Forest street, on Sundays, and disturbing Church worship there, Courtney said. Both the Building Inspector and the Police have been alerted, and the people notified to cease and desist. Boutwell Street

Courtney reported receiving a suggestion from one man that some of the traffic problems could be eased by having one way streets. This gentleman had suggested that Boutwell street be made a one-way street.

Danton Road

Courtney told the Selectmen that

by — George Parkford

THE UNSUNG HEROINES OF THE TIMES are the girls who have been so successful on the High School Field Hockey team. Not since the late thirties has Wilmington had an undefeated field hockey team, though, at that time they stayed undefeated for several years.

This year, a team that has great promises of going through the season without losing a game, is the present one that is coached by Mrs. Thespin Treachis, who is doing a great job.

Until a week ago last Thursday, the local team had been victorious, but in a second game of the year with Chelmsford the score was tied up . . . 1 to 1 by the latter.

Chelmsford scored on a free hit. A minor foul was called on Wilmington down by their own goal, and a clean shot was made by an opposing player to score the tying point.

CO-CAPTAINS OF THE TEAM are, Frances Pellerin and Jean Ashworth, both girls are dangerous to the opposition. Along with the captains are: Pat Bennett, Sandra Harris and Judy Robinson. With the dextrous cooperation of their co-workers, these gals really mix it up on the hockey field. The first game with Chelmsford this year, they won, 2 to 1. Two weeks ago they beat Woburn High's lassies by a score of 9 to 0. It looks very much like Mrs. Treachis' girls are going to revive another Wilmington High champion club.

THE JUNIOR HIGH FOOTBALL TEAM sent North Reading home two weeks ago, defeated by a score of 18 to 7. The game was played at the Town Park.

Bob Spellman, a back field man, took the kick-off and romped 90 yards down the field for the first Wilmington score. In the second period, the local team marched 60 yards for the second score. The third touchdown was made by George Munroe, who carried the leather around the end for 60 yards. Burlington Jr. High is on the list for this week. The North Reading game was the first one for the local kids this year.

WHETHER THE CHIPS ARE DOWN or not, the cheer leaders are always on the job. Wilmington's cheer leading team will lose five of their beauties this year from their group. Here's a chance to know a little about them.

CHERYL TAUTGES, one of the captains, is also the President of the Glee Club of which she has been a member of since her freshman year, and a cheerleader since her Sophomore year. In her junior year, she belonged to the Dramatic Club. After graduation, Cheryl plans to attend Chandlers and hopes to be an executive secretary one day. We know that she'll make good and want to wish her good luck.

PEGGY FIDLER, the other captain has been a cheerleader for her last two years, and a member of the Glee Club since her freshman year. This young lady has been active throughout her four years at Wilmington High. She also plans to attend Chandlers after graduation and hopes to become a legal secretary. Her personality and gentle manner will be an asset to guide her to success. Best wishes, Peg.

GERTRUDE (Geri) FENLON has been on the cheerleading section for her senior year only, but has been active in the school during her last four years. A Glee Club member for three years and a Student Council member for two years. Geri plans to attend Chandler's (that's all for Chandlers) to complete a Medical Secretarial course. Best of luck to you, Geri.

JANICE WILKISH, has been a cheerleader for two years, a Glee Club member for two years and one year in Gym class. She plans to become a dentists assistant, and will enter a school for such upon graduation. Our sincere wishes to Jan.

CAROL DONAHUE plans to go into nurses training. She has been a cheerleader for her senior year only, and also a Glee club member for three years. We can look forward to Carol being a good nurse and wish her the best of luck in her future plans.

BARON de COUBERTIN, the reviver of the National Olympic games, leaves us with an expression that is well to remember. "The important thing is not to win, but to take part; the important thing in life, is not to have conquered, but to have fought well." That's it for now.—G.P.

THE SELECTMENS MEETING

(Continued from page 14)

he had been up on Dunton Road. "What the people said was true, but more intensive." He reported that he believed it was a problem of changing the grade of the street. "We would have to raise the level of the low point three feet one lady said this wouldn't bother her, because she was planning to raise the level of her yard—so we would be back where we started from!"

"It looks like an unworkable problem—I know the people want the street accepted but I don't think that I can in good conscience recommend it—it would be enormously expensive—I shall go up and look it over again."

Budget

Courtney told the Selectmen that it looked as though he was going to need some clerical assistance, in order to get the budget in shape before the December deadline. He requested the Board to consider the possibility of asking the Finance Committee for a \$300 transfer.

Black: If we do it will be the first time in four years that the budget will be ready on time.

Bliss: Let's do it.

Duplicating Machines

Courtney said that he felt that the town should have a duplicating machine, to take care of a lot of the clerical work in the town hall. He had arranged for two companies to have exhibits of the work

before the Finance Committee and Selectmen.

Mrs. Drew: What about the Addressograph?

TM: We will be using it in our billings in 1955. The Assessors have been reclassifying their cards and we will have the stencils set up on that.

Black's Report

Selectman Black related a case he had been told of, in which it was said that a dog which had bitten a child had been released, after being confined by town authorities — "the parents of the child do not know what to do!"

Black noted that nothing had yet been done about providing a house for the Custodian of the Town Dump. Courtney explained that he had hopes of getting a very suitable structure cheaply, and for this reason had not made any other move.

Black reminded the Board that thoughts should be given to providing lights on Roman Way.

Mrs. Drew: And Strout Avenue!

Black reported that he had been up on the Firehouse roof, Sunday, and "its getting worse — we are going to have trouble — have you notified the bonding companies? — things look bad!"

Courtney: We are sitting on that problem — we still have the money and we won't release it!

Bliss: Has the architect received his entire fee — I think he has.

Courtney: Only \$1400 left for the

contractor.

Black then shifted to a discussion of "Chic Sales" buildings, asking if "we couldn't get the Board of Health to do something about them." He was told by Courtney that the Board of Health was doing something, and that results should be seen soon.

Black also noted that more gravel is being dumped by the side of Shawsheen avenue and Hopkins street — "going to make the lake worse!"

As a last item for his discussion Black asked about a report he had heard about a gravel company taking gravel from the town pit. He was told by the TM that this wasn't so, but that they were screening gravel for the town, under an arrangement with the Superintendent of Highways, for the work on Salem street.

**HUGHES LUMBER COMPANY
CONDUCTS COLOR DRAWING
CONTEST FOR KIDS**

Jack Hughes, of the Hughes Lumber company, is giving the kids in both Wilmington and Billerica a chance to win a little Christmas coloring contest that he has in The Wilmington Crusader and The Billerica News.

The contest is now under way and will be continued until December 16, 1954 at which time it closes and all entries must be in by Monday, December 20th.

A different drawing will be published in the weekly papers for eight weeks. The drawing must be colored by the contestant and sent in to the Billerica Publishing Company at 95 Bridge Street in Lowell, Mass., where two competent judges will select a winner for the entire eight weeks.

Drawings will be judged for their accuracy, neatness and best work in general.

So come on kids, let's get into the contest and get in on those prizes.

To be sure of entering the contest correctly, read the contest rules under the drawings on the back page of this paper.

DAV MEETS TONIGHT

The Wilham F. Tattersall Chapter 106 of the Disabled American Veterans will meet tonight, at 8, at the hall on Grove avenue.

CUB SCOUTS—PACK 58

Den 2, of Pack 58, Cub Scouts held its weekly meeting Monday Mother Mrs. John Bowen, 100 Main street. The meeting opened at 3:30 p.m. with Den Chief Tom Bowen in the Pledge of Allegiance and the Cub Scout pledge and Cub Scout promise.

Plans for the theme of the November Pack Meeting were discussed by the boys, and a game period was enjoyed. Assistant Den Mother Mrs. Edward Page assisted with refreshments. Cub Scouts attending were Den Chief Tow Bowen, and Cubs Richard Page, William Wendell, Daniel McKay, John Bowen Jr., Roger Creamer, Richard Sawyer and Edward Sullivan. The next meeting will be held on November 8th.

**BEVERLY ROUNDS ELECTED
TO CLASS OFFICE**

New London, N.H.—Miss Beverly Rounds of North Wilmington was elected treasurer of the Junior Class during the fall elections held this week at Colby Junior College, New London, N.H. Miss Rounds, as an officer of the class, will help plan the class activities throughout the year. These activities include May Week End in the spring. Miss Rounds is the daughter of Dr. and Mrs. Charles E. Rounds of 430 Salem Street. She is also a member of the Glee Club, Rouge Pot (drama group), SAF Council, and YWCA.

★ ★ CONTEST RULES ★ ★

Prizes are awarded on basis of neatness and accuracy.

The 8 drawings must be submitted at once, no later than December 20, 1954 and name and age plainly printed on each. This contest opened to every child up to 14 years of age, except children of parents connected directly with this newspaper and sponsor Jack Hughes employees and families. Prize winners names will be printed in this paper and awards sent to winners.

The judge's choices will be final and in case of a tie, duplicate prizes will be awarded.
